Just one grant per site. That isn't worded great, but it means that we extended their grant in 2003, probably. I was aware that CDPHE said that. I'm not sure what they meant.

"In April 2000, and again in 2003, EPA awarded a Technical Assistance Grant (TAG) to CEASE, a neighborhood coalition with representatives from Cole, Clayton, Elyria and Swansea. The TAG funds a community group to hire a consultant to independently review EPA's technical documents and assist in understanding the Superfund process."
